

AC05 SEAL Data Sheet

Acme Reg No: 30062020

The Acme **AC05 Seal** is a single piece Tote Box Security Seal made from polypropylene material. The seal can be supplied plain or with laser marking in various options which include text, serial numbers or barcode.

This seal is used in conjunction with a universal size Tote Box or Attached Lid Containers mainly found in retail, warehousing and distribution securing goods with high value such as jewelry and automation parts.

To remove the seal its simple lift and twist is easily performed and time saving.
